ROME

For Comrade TOGLIATTI

In your evaluation of the situation in Hungary and of the tendencies of development of the Hungarian Government toward a reactionary development, we are in agreement with you. According to our information, Nagy is occupying a two-faced position and is falling more and more under the influence of the reactionary forces. For the time being we are not speaking out openly against Nagy, but we will not reconcile ourselves with the turn of events toward a reactionary debaucher

Your friendly warnings regarding the possibility of the weakening of the unity of the collective leadership of our party have no basis. We can firmly assure you that in the complex international situation our collective leadership unanimously [yedinodushno] evaluates the situation and unanimously takes appropriate decisions.
