Kyiv

In connection with the growing difficulty of operational conditions in the border oblasts of the UkrSSR (Volyn's'k, L'viv, Transcarpathian, Chernivtsi, and Ivano-Frankivs'k)—difficulty caused by recent international events—and in connection with the increased ideological subversion carried out by the countries of the main adversary, the stepped-up activity of hostile anti-Soviet elements, the growing influx of foreigners from capitalist countries, the opening of new routes for tourists in automobiles, the greater travel by Soviet citizens abroad, and the significantly increased number of industrial and defense facilities that are deemed of special importance, it is necessary to strengthen counterintelligence work on all these matters.

However, at present there are acute shortages of operational and other cadres who can organize counterintelligence work in the UkrSSR KGB Directorates in Volyn's'k, L'viv, Transcarpathian, Chernivtsi, and Ivano-Frankivs'k Oblasts. For this reason, we believe it is necessary to increase the staffing levels in the aforementioned KGB directorates by 208 people.

The Committee on State Security of Ukraine has sent appropriate recommendations to the all-union Committee on State Security with regard to this matter.

CHAIRMAN OF THE COMMITTEE ON STATE SECURITY
