It is advisable to occupy the departure areas 15-17 km from the border of Czechoslovakia before the 10<sup>th</sup> and 11<sup>th</sup> TD move out to the designated areas. Their departure is to be done secretly, observing all camouflage measures. It would also be desirable to conduct preliminary reconnaissance of the routes of advance of the divisions from departure areas to the border of the ?SSR. It ought to be borne in mind that the 20<sup>th</sup> TD of the SGV is departing from an area south of Boles?awiec in the direction of Ji?ín, Kutná Hora. Considering that Soviet divisions will also be advancing together with divisions of the Polish Armed Forces it is necessary to strictly maintain the set routes and move at a coordinated time. Other questions regarding the fulfillment of these missions by Polish Armed Forces troops and their material and technical support will be discussed with your representatives on the 25<sup>th</sup> of July at Legnica. It is recommended to convey the impending missions to commanders and chiefs of staffs of regiments on the 28<sup>th</sup> of July.
