MEMORANDUM

Mexico, DF, 8 November 1962

Undersecretary [Pablo] Campos Ortiz was not able to communicate with the Undersecretary of Revenues ['Ingresos'] yesterday; he did so this morning.

Mr. Romero Castañeda told him that, in effect, they were trying to send three tons of machinery on the "Bahia del Mariel", a box (or boxes) of preserves, and two tourist automobiles which had entered over the border, and that the dispatch of the two automobiles as well as the boxes of preserves and the three tons of machinery were already authorized.

With respect to the rice, he said that the 4,500 tons of rice that were obtained from CONASUPO and that brings in \$9,000,000, appeared consigned to a Swiss firm in Lausanne, but that it was later known that the rice was destined to Cuba. That because of this, the Treasury communicated with Mr. Amoroz and he (Mr. Romero Castañeda) does not know what was resolved with regards to authorizing the dispatch of the 4,500 tons of rice.

Campos Ortiz told the Undersecretary of Revenues that there were more than 1,500 tons of beans that had been acquired from the Agricultural Bank; that the Embassy had informed us of the two operations and had asked us, if possible, for the necessary authorization to be obtained so that this merchandise could be dispatched to its destination.

Mr. Romero Castañeda told Campos Ortiz that, apparently, the implications that the dispatch of the merchandise to Cuba could have has been considered, given that, as is known, the American [i.e., US] authorities have announced specific measures for countries whose ships transport merchandise to Cuba and that even in this case which concerns a Cuban boat it is possible that similar measures could still be imposed on countries that simply send any type of merchandise to Cuba. Mr. Romero Castaneda (who asked Campos Ortiz to call him through the private network to deal with this matter) said that in the course of the morning he would perhaps have some additional information for him.
